with 78 ORGANIC CHELATED MINERALS

More Scientific information on our 78 Traces of Organic Natural Chelated Minerals

Truth #1

Minerals are essential for life and are the catalysts that equip the body to maintain itself and function correctly.

Minerals: The human body is made up primarily of water and minerals. Every function of the human body is dependent upon minerals.

Catalysts: Minerals are the catalysts that help vitamins and enzymes carry out their necessary functions.

Minerals are needed for:

Nerve impulse transmission - blood clotting - blood and bone formation - Healthy nerve function - Balanced body fluid composition - oxygen transformation - regulation of muscle tissue.

"Your mineral needs are even more important than your vitamin needs since the human body cannot make minerals."

-Dr. Henry Schroeder, M.D. and Ph.D.

THE ORIGIN OF DISEASE

Dr. Linus Pauling, winner of two Nobel Prizes, stated: "You can trace every sickness, every disease, and every illness, to a mineral deficiency." We believe this is true.

Some other researchers have discovered that Organic Trace Minerals are needed to properly maintain human and animal health, mineral deficiencies in our daily nutrition may result in illness such as:

Osteoporosis, Anemia, lack of energy, slow growth, Early Fatigue, Organs Disease and Cancer

78 Organic Chelated Trace Minerals, NASA tested, and Approved by Dr. Benjamin Ershoff 1964

Go WITH THE BEST

G-Men™ and G-Women™ supply B-vitamins that may be missing from your diet due to poor dietary habits from everyday stress. Each daily dose supplies a 50 mg B-vitamin complex that is essential for carbohydrate metabolism and energy production. Vitamins B6, B12 and folic acid play a role in the maintenance of normal homocysteine levels important for cardiovascular health.*

The Antioxidant Vegetable Blend found in G-Men™ offers protection from harmful free radicals that can destroy healthy cells. This blend includes saw palmetto and lycopene to support normal prostate health and a carotenoid blend with lutein to support optical health.*

78 Organic Chelated Trace Minerals for rapid absorption make this formula 100% Bioavailable. These minerals are the catalysts that help vitamins and enzymes carry out their functions.* Consumption of antioxidant nutrients Selenium, Vitamin C and Vitamin E may reduce the risk of certain types of cancer.

Why take G-MEN™ or G-WOMEN™ ultra-multivitamin?

Whether you are an athlete or have an active or normal life style these Multivitamins are right for you.

G-MEN™ and G-WOMEN™ contain key ingredients that work simultaneously to boost your immune system, and enhance your daily performance.*

G-MEN™ and G-WOMEN™ supply B-vitamins that may be missing from your diet due to poor dietary habits from everyday stress. Each daily dose supplies a 50 mg B-vitamin complex that is essential for carbohydrate metabolism and energy production. Vitamins B6, B 12 and folic acid play a role in the maintenance of normal homocysteine levels important for cardiovascular health.* **78 Organic Chelated Trace Minerals** for rapid absorption make this formula 100% Bioavailable.

These minerals are the catalysts that help vitamins and enzymes carry out their functions.* Consumption of antioxidant nutrients Selenium, Vitamin C and Vitamin E may reduce the risk of certain types of cancer.

WHY TAKE GMEN™ or GWOMEN™ Ultra Multi-Vitamin

G MEN™

Maximum Performance
Formula for Men

with 78 ORGANIC CHELATED MINERALS

The Antioxidant Vegetable Blend found in G-Men™ offers protection from harmful free radicals that can destroy healthy cells. This blend includes saw palmetto and lycopene to support normal prostate health and a carotenoid blend with lutein to support optical health.

*The statements in this pamphlet have not been evaluated by the Food and Drug Administration.

This product is not intended to diagnose, treat, cure or prevent any disease.

G WOMEN™

Maximum Performance
Formula for Women

Genetics Tech™ understands that women have specific needs. That is why G-Women™ comes equipped with 18 mg of iron to help replenish iron lost due to menstruation and diets lacking iron-rich foods.

Osteoporosis is a health concern for many women, young and older. That is why our G-Women™ caplets are fortified with 500 mg of calcium, magnesium and vitamin D to support healthy bone growth.
